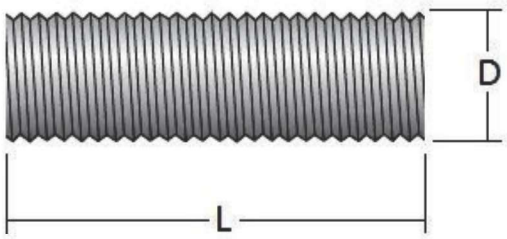
Part# 91197733, 1/2"-13 x 10-1/2" Low Carbon Steel Zinc Plated Threaded Rod



Nominal Size	D	
	Major Diameter	
	Max.	Min.
1/2-13	.5000	.4985	.4822

Length	Tolerance
10.5	±0.03

Length shall be measured from end to end

Specification Requirements: Unless otherwise specified, all applicable requirements shall be in accordance with ASTM A307

- Dimensions: ASME B18.31.3
- Material: Grade A per ASTM A307
- Mechanical: Grade A per ASTM A307
  *Exception: Diameters smaller than 1/4 shall meet 60,000 PSI tensile strength requirements using stress area calculation per ASTM A307
- Threads: Roll threaded to ASME B1.1, UNC, UNF & UNS, Class 1A
- Finish: Fe/Zn 3AN per ASTM F1941/F1941M
